

This technical drawing illustrates a medical device, possibly a specialized stand or support, through several views and detailed components. The main assembly is labeled 10. It features a vertical support structure 12 with a base 16. A horizontal arm 14 is attached to the upper part of the support. At the end of this arm is a complex, ring-like component 24, which has a central opening 26 and a side opening 28. A cross-sectional view of this component is shown at the top left, revealing internal structural details. Another view of the device is shown on the right, highlighting the base 16 and the side opening 28. The drawing includes various numbered callouts (10, 12, 14, 16, 24, 26, 28) and arrows pointing to specific parts, as well as cross-sectional views at the top and bottom.
